Dear Tim

Loan of Megaphone for Memory Walk

On behalf of the Committee, I would like to thank you for the loan of the megaphone for use at this year's Memory Walk. Jean Heywood, who opened the Walk, was most grateful to use the equipment for, although being an accomplished actress, she was surrounded by a throng and needed to make herself heard!

I delayed the letter of thanks in the hope that a final figure would be available from the pledges as well as the sponsored money. Apparently the cash is still flowing in and I will have to let you know the amount as and when.

Many thanks again, Tim,

on behalf of the Branch Committee
