Dear Tim

Well that's another Roadshow done & dusted, and one which I think we can all be extremely proud of. Thank you as always for your excellent service and good humour throughout the whole event, your professionalism is a great asset to us and knowing that the 'Tannoy'(!!) arrangements are in good hands is one less thing to worry about

Jan, Sue and I feel that this was the best show yet for us, not only in terms of attendance but also the whole feel of the event, very amiable and sociable with both visitors and exhibitors seeming to have a really good time (apart from the odd acts of theft and wanton vandalism, of course!). But we cannot do it without the support of colleagues and contractors whose hard work and attention to detail contribute in no small way to the success of the event. Mobility Choice takes the credit for the event as a whole, but it is really all down to teamwork, and we are delighted that you are a part of that team.

We did have one or two comments about the announcements and I know that you have already suggested that you might review the distribution to see if we can overcome this, so perhaps we can have a chat about that (and Scotland?) before too long.

Very many thanks once again, Tim, also to Brian and of course the lovely Chrys - I have written to him separately to let him know he's loved and appreciated by us all.

With very best wishes from us all,
