Dear Tim

Please accept the grateful thanks from Hart Rotary Club for providing the PA system for the Hartley Wintney Festival.

We were so lucky with the weather and the Festival was a great success. We think we had the best attendance ever and we were able to announce your contribution over the PA system to a large proportion of the village. Colin also got in some plugs for PA Technical Services, what they do and where to find them so we hope you feel you got value from it as well.

Many thanks again for your help.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Rob Waskett".
