

CITRONIC

CITRONIC 170.710 – MPD-1 DUAL SD CARD / USB MP3 PLAYER AVAILABLE APRIL 2009

The MPD-1 provides the latest digital music technology and eliminates the need to carry CD's. It allows all music, announcement, jingle and other digital content to be stored on small more convenient SD cards or USB memory stick. Just simply plug in and have access to your full library at a touch of a button. Use single play mode for automatic announcements, DJ, jingles etc. and continuous mode for background music etc.

The SD cards can, of course, be edited and recorded on dedicated SD audio recorders, computers etc.

- 2 x SD card slots (will accept HCSD cards)
- 1 x USB port
- Continuous or single play
- Auto cue
- Pitch bend
- Pitch display
- Adjustable pitch control: $\pm 4, 8, 16\%$
- Jog wheel pitch bend $\pm 100\%$
- Fast track search
- 1/75th second frame search
- Music master tempo
- Selectable elapsed and remain time display
- Seamless loop
- Auto BPM
- Fader start
- MP3 track listings, ID3 tags
- Folder Search
- Maximum folders 999 (maximum files 999)
